EDUCATION

Bachelor of Computer Application (BCA)

Institute of Information Technology and Management, Janakpuri, Delhi 2023-2026

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, MongoDB, and PHP. Experienced in developing admin dashboards, REST APIs, authentication systems, and real-time business workflows through internships and freelance client projects.

TECHNICAL SKILLS

- Frontend:** React.js, Redux, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)
- Backend:** Node.js, Express.js
- Databases:** MySQL, MongoDB
- Tools & Concepts:** Git, GitHub, Postman, Authentication, REST APIs, CRUD, Database Design, Agile/Scrum
- Deployment & Platforms:** Vercel, Netlify, Basic AWS Concepts

WORK EXPERIENCE

Technical Specialist | STUDIFY SUCCESS Feb 2025 – Aug 2025 | Delhi, India

- Developed 10+ dynamic content management modules using React.js and JavaScript for notes handling, document workflows, and backend-driven user interactions.
- Built advanced search, filtering, and pagination systems improving content accessibility and reducing manual navigation efforts.
- Integrated PDF editing and document management functionalities using JavaScript libraries, streamlining document handling workflows.
- Designed responsive UI components and interactive frontend features improving user experience across multiple dashboard modules.
- Implemented secure authentication workflows and optimized CRUD operations for structured content and user management.

Software Development Intern | GLOOMSHINE PVT LTD Sep 2025 – Feb 2026 | Noida, India

- Developed and maintained scalable RESTful APIs using Node.js and Express.js for dynamic data processing and third-party integrations.
- Optimized MongoDB database schemas and backend API data flow, reducing response time by ~30% and improving application performance.
- Implemented role-based authentication and authorization systems with protected routes and secure session management.
- Built reusable React.js UI components and integrated backend services for scalable full-stack application workflows.
- Collaborated in Agile sprint cycles using Git/GitHub and participated in code reviews following maintainable coding practices.

PROJECTS

Smart Farming E-Commerce Platform | React.js, Node.js, MongoDB, Tailwind CSS | [Live Demo](#)

- Developed a full-stack nursery e-commerce platform with separate Admin Panel and Client Portal managing 100+ products, users, and order workflows.
- Implemented core e-commerce functionalities including authentication, cart, wishlist, reviews, ratings, and order management systems.
- Built dynamic admin modules for inventory handling, category management, user moderation, and review approval workflows.
- Integrated real-time notifications and chatbot support features, improving customer engagement and user interaction.
- Designed responsive UI/UX pages for product browsing, blogs, shipping details, and customer services ensuring cross-device compatibility.

Freelanced Project AskManisha – Astrology & Numerology Platform | PHP, MySQL, JavaScript, Razorpay API | [Live Demo](#)

- Developed a full-stack astrology and numerology platform supporting consultation bookings, responsive UI/UX, and dynamic user workflows.
 - Integrated Razorpay payment gateway, email workflows, and WhatsApp automation, streamlining booking and customer communication processes.
 - Built a comprehensive Admin Panel for managing users, reports, services, blogs, reviews, and dynamic platform content.
 - Implemented authentication, role-based access control, CRUD operations, and optimized database architecture improving backend management efficiency.
 - Developed interactive features including chatbot support, notifications, reviews/ratings, and automated service management workflows.
-

ACHIEVEMENTS & LEADERSHIP

- Participated in 5+ hackathons focused on web development and problem solving
- Event Coordinator, CODE CUBICLE 2.0 – Managed registrations, technical sessions and logistic for 100+ participants
- Event Coordinator, CODE KSHETRA – Managed social media promotions and event management campaigns
