Education

Institute of Information Technology and Management, Janakpuri, Delhi

2023 – 2026

Bachelor of Computer Application (BCA)

Technical Skills

Frontend: React.js, Redux, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)

Backend: Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Concepts: Git, GitHub, Postman, REST APIs

Deployment: Vercel, Netlify

Experience

Studify Success

Feb 2025 – Aug 2025

Technical Specialist | React.js, JavaScript

Delhi, India

- Developed 10+ content management modules using **React.js**, **JavaScript (ES6+)**, HTML5, and CSS3, creating reusable UI components for notes and document management.
- Implemented **search**, **filtering**, **pagination**, and **CRUD** operations by integrating REST APIs for efficient content management.
- Integrated PDF editing libraries, authentication workflows, and protected user access, improving document processing and dashboard security.

Gloomshine Pvt Ltd

Sep 2025 – Feb 2026

Software Development Intern | React.js, Node.js, Express.js

Noida, India

- Developed scalable **RESTful APIs** using **Node.js**, **Express.js**, and **MongoDB**, optimizing database queries and reducing API response time by ~30%.
- Designed MongoDB schemas, implemented CRUD operations, and integrated backend services with React.js applications for full-stack functionality.
- Implemented **JWT-based authentication**, role-based authorization, protected routes, secure session management, and password encryption.
- Built reusable React.js components and collaborated using **Git/GitHub** in Agile sprint cycles with pull requests and code reviews.

Projects

Smart Farming E-Commerce Platform | *React.js, Node.js, MongoDB, Tailwind CSS* | [Live Project](#)

2025

- Built a full-stack nursery e-commerce platform with separate Admin Panel and Client Portal managing 100+ products, users, and order workflows.
- Implemented authentication, cart, wishlist, reviews, ratings, order management, and real-time notifications with chatbot support.

AskManisha – Astrology & Numerology Platform | *PHP, MySQL, JavaScript, Razorpay API* | [Live Project](#)

2024

- Developed a full-stack platform with consultation bookings, Razorpay payment gateway, email workflows, and WhatsApp automation.
- Built a comprehensive Admin Panel with role-based access control, CRUD operations, and automated service management workflows.

Achievements & Leadership

Code Cubicle 2.0 & Code Kshetra

Event Coordinator

- Managed registrations, technical sessions, and logistics for 100+ participants at Code Cubicle 2.0.
- Handled social media promotions and event management campaigns for Code Kshetra.
- Participated in 5+ hackathons focused on web development and problem solving.
